Join the fun! E-mail Mrs. Peavy (activities@troop714.org) for registration information!

We'd Love to See YOU at Winter Camp

We are looking forward to having you with us this year at Winter Camp. This is an exciting program that gives Scouts and Venturers a chance to work on Advancement and experience the Outdoor program at Bert Adams Scout Camp from December 27 – 31.

This year we are offering several new Merit Badge opportunities including Bugling, Weather, Personal Management and Indian Lore. We will also offer some Adult trainings including the advanced YPT Darkness to Light.

We are also enhancing the experience in our Dining Hall during Winter Camp. We will continue to feature our popular Soup and Salad Bar. This year we will be serving our meals Buffet style. You will have the choice of what you want to eat and make sure that your portion size fills you up.

We will have a High Adventure track available this year for Venturers and older Scouts. Activities will include Wilderness Survival, Orienteering, Leave No Trace training and Climbing.

Plan now to compete in our annual Klondike Derby as your Patrol will be tested on your Scouting Skills as you take your sled around the Course.

Spread the word and invite more Scouts to Winter Camp. Bring more Scouts from your Troop or some of your friends that are Scouts in other Troops. We have opportunities for Scouts to come as part of a Bert Adams Provisional Troop as well.

We hope to see you at camp!

Tom Morin
Camp Director
